Health Department,
Craven House,
Warminster,
Wilts.

Lt.Colonel J.W.Madden,
Chairman of the Warminster and Westbury Rural District Council.

Sir,

I have the honour to present my Annual Report for the year 1968 relating to the state of the public health and sanitary conditions in the rural district of Warminster and Westbury. With it is the report of your Chief Public Health Inspector.

It will be seen from the Vital Statistics that the rural district compares very favourably with the rest of England and Wales. No serious outbreak of infectious disease took place during the period. Moreover for the second year in succession no case of tuberculosis was notified.

I wish to express my gratitude to my colleagues, the Family Doctors, the Director of the Public Health Laboratory in Bath, the County Medical Officer, and the staff of the Rural District Council for their co-operation in the work of the Public Health Department. Also I am grateful to the Public Health Committee for their co-operation and understanding in the supervision of the health of the area.

I have the honour to be, Sir,

Your obedient servant,

JOSEPH REYNOLDS.

WARMINSTER AND WESTBURY RURAL DISTRICT COUNCIL.

To 20th May, 1968.

From 20th May, 1968.

Chairman of the Council: Mrs F.Sykes, J.P.

The Rural District of Warminster and Westbury is in South West Wiltshire at the South Western corner of Salisbury Plain and includes within its boundaries the Urban Districts of Warminster and Westbury. A part of the Plain containing the Parish of Imber is in military occupation and closed to the public.

The Area in the past was mainly given to agricultural pursuits. A trading estate has been developed in the parish of Heywood and new industries are being developed there. They comprise Light Engineering, Processing of Scrap Metal, Concrete Products, Warehouses and Furniture Repositories, Packing and Distribution of Surgical Supplies, Manufacturers of Mobile Houses, Animal Food Factory and a Mushroom Farm. Other industries in the Rural District include works for agricultural machinery and a tannery.

Many of the villages provide dormitory facilities for workers in the Urban Districts of Frome, Melksham, Trowbridge, Warminster and Westbury. The district is roughly bisected by the watershed feeding the Bristol Avon to the North West and the Hampshire Avon to the East. Through it flows traffic from Bristol to Southampton by the Trunk Road A.36, and from North to South by the A.350. The M4 Motorway, providing rapid access to London, Wales, The Midlands and the North, runs 25 miles to the North of the Rural District. The Westbury White Horse commemorating Alfred's victory over the Danes is a familiar sight to travellers on the mainline of the Western Region of British Railways, which also passes through the district. Longloot House in its rural surroundings of great beauty is a focal point for both national and international visitors.

VITAL STATISTICS.

The population figures given are home populations (i.e. including members of the Armed Forces stationed in the area). The figures for deaths include those of members of the Armed Forces. The Area comparability factors for use with birth and death rates contain adjustments for boundary changes and make allowance for the way in which the sex and age distribution of the local population differs from that for England and Wales as a whole. In addition, the death rate area comparability factors have been adjusted specifically to take account of the presence of any residential institutions in each area. When local birth and death rates are multiplied by the appropriate area comparability factor, they are comparable with the rate for England and Wales or with the corresponding adjusted rate for any other area.

VITAL STATISTICS (Continued)

	<u>Male</u>	<u>Female</u>
a) <u>Live Births</u>		
TOTAL	116	118
Legitimate	112	112
Illegitimate	4	6

Live Birth Rate.

a) per 1,000 population of the Rural District	...	16.0
b) of the Rural District after correction by Area Comparability Factor (1.21)	...	19.4
c) per 1,000 population of the County of Wiltshire	...	17.6
d) per 1,000 population of England and Wales	...	16.9
Ratio of local adjusted birth rate to national rate	...	1.15

	<u>Male</u>	<u>Female</u>
b) <u>Still Births</u>		
TOTAL	0	2
Legitimate	0	2

	<u>Male</u>	<u>Female</u>	<u>Total</u>
c) <u>Deaths</u>			
Number of Deaths as enumerated by Registrar General	64	81	145
<u>Death Rate</u> per 1,000 population of the Rural District	...	9.9	
<u>Death Rate</u> after correction by Area Comparability Factor (0.92) which permits comparison with National statistics below	...	9.1	
<u>Death Rate</u> per 1,000 population of the County of Wiltshire	...	10.9	
<u>Death Rate</u> per 1,000 population of England and Wales	...	11.9	
Ration of local adjusted death rate to national rate	...	0.77	

	<u>Male.</u>	<u>Female.</u>
d) <u>Deaths of Infants under one year of age.</u>		
TOTAL	3	2
Legitimate	1	2
Illegitimate	2	0

e) <u>Deaths of Infants under 4 weeks of age</u>		
TOTAL	2	2
Legitimate	1	2
Illegitimate	1	0

f) <u>Deaths of Infants under one week of age.</u>		
TOTAL	0	2
Legitimate	0	2

Rates for infant mortality are not given since the numbers are too small to be of statistical significance.

CAUSE OF DEATH

According to the International Classification of Diseases

Group II. Neoplasms

B19(1) Malignant Neoplasm - Stomach

B19(2) Malignant Neoplasm - Lung, Bronchus

B19(3) Malignant Neoplasm - Breast

B19(5) Leukaemia

B19(6) Other Malignant Neoplasms, etc.,

Group III. Endocrine, Nutritional and Metabolic Diseases

SECTION B.

GENERAL PROVISIONS OF HEALTH SERVICES IN THE AREA.

a) Laboratory facilities.

All samples requiring laboratory examination are sent to the Public Health Laboratory in Bath. Not only are reports on these samples available from the Medical Director but he is always willing to visit the District, and the Medical Practitioners and myself find this personal contact most satisfactory and rewarding.

b) Ambulance Service.

The Ambulance service is provided and controlled by the Wiltshire County Council. The service in this district is controlled from Trowbridge, where the station is manned continuously. A sub-station in Warminster also serves the district. Non-emergency calls must originate from a doctor, dentist or midwife.

To obtain an ambulance in an emergency:-

where there is a dialling system in operation, dial 999

where there is no dialling system, lift the receiver and ask for an ambulance.

c) Midwifery, Home Nursing, Health Visitors and Home Helps.

These services are provided and controlled by the Wiltshire County Council, County Hall, Trowbridge, telephone Trowbridge 3641.

d) Clinics and Treatment Centres.

The following Clinics serve the districts:-

1. Ante Natal:

At the Maternity Hospitals concerned.

Consultant Clinics are at Trowbridge and Bradford-on-Avon for patients referred by their own doctor or midwife.

Westbury Hospital - Thursday afternoon commencing at 2 p.m.

Health Clinic, Warminster - Tuesday and Thursday afternoons commencing at 2 p.m. for Bradford-on-Avon patients only.

2. Infant Welfare:

Health Clinic, The Avenue, Warminster at 2 - 4 p.m. every Friday of each month.

Clinic, Leigh Road, Westbury at 2 - 4 p.m. every Thursday of each month.

Progressive Hall, North Bradley at 2.30 - 4 p.m. on second and fourth Wednesdays of each month.

The Codford Club, Codford at 2.30 - 4 p.m. on second and fourth Mondays of each month.

Dilton Services Social Club, Dilton Marsh at 2.30 p.m. on second and fourth Fridays of each month.

Welfare Foods are distributed at the Health Clinic, The Avenue, Warminster on: Tuesday 10 a.m. - 11.30 a.m.: Friday 2 - 4 p.m.

3. Diphtheria, Whooping Cough, Tetanus and Poliomyelitis Immunization:

Immunization is undertaken by the County Council, and Medical Officers visit the schools in outlying villages at specified dates for this purpose. All family doctors will also carry out immunization.

The Warminster Clinic is held on the second and fourth Wednesdays of every month at 2 p.m. at The Health Clinic, The Avenue, Warminster.

The Westbury Clinic is held on the fourth Thursday of every month at 2.30 p.m. at the Methodist Schoolroom, Station Road, Westbury.

The Codford Clinic is held on the second Monday of every month at The Codford Club, Codford.

4. Venereal Diseases:

	<u>Men.</u>	<u>Women.</u>
General Infirmary, Salisbury	Friday - 5 - 6 p.m.	Friday - 3 - 4 p.m.
Royal United Hospital, Bath	Friday - 5 - 6.30 p.m. Saturday - 5 - 6.30 p.m.	Tuesday - 5 - 6.30 p.m. Friday - 2.30 - 4 p.m.
St. Martin's Hospital, Bath	Tuesday - 2 p.m.	Tuesday - 2 p.m.

e) Hospitals.

The four hospitals noted below serve the district and are controlled by the West Wiltshire Hospital Management Committee:

	<u>Beds</u>	<u>Classification</u>	<u>Type of case dealt with</u>
Warminster Hospital	30.	Wholly general	Acute medical and surgical cases. Gynaecological cases. Chronic sick patients for short period only.
Westbury and District Hospital	20.	do.	
Sambourne Hospital, Warminster	102	Mainly chronic sick	
Beckford Hospital, Warminster	32	Pre-convalescent and recovery unit plus orthopaedic.	
			Aged chronic sick. Accommodation reserved to the County Council for 26 Welfare residents.

Many residents also attend and receive treatment at several Hospitals in Bath and Salisbury.

Maternity cases are admitted to Hospitals at Bradford-on-Avon, Trowbridge and Salisbury.

Cases of infectious diseases are admitted to the Isolation Hospital at Bath. The majority of cases of Tuberculosis are admitted to Winsley Chest Hospital, The Manor Hospital, Bath and Odstock Hospital, Salisbury.

f) Mortuary.

An annual payment is made to the West Wiltshire Hospital Management Committee for mortuary facilities at the Sambourne Hospital, Warminster. The visiting pathologist has expressed his satisfaction with the facilities provided.

Polebarn Road,
Trowbridge.

Telephone: Trowbridge 2348.

SECTION C.

PREVENTION AND CONTROL OF INFECTIOUS AND OTHER DISEASES.

The nearest centre which keeps emergency supplies of sera for the treatment of anthrax or botulism is:-

Ham Green Hospital, Bristol. Telephone: Pill 2165.

This hospital also has supplies of human antitetanus immunoglobulin for tetanus prophylaxis if test doses of tetanus antitoxin of equine ^{origin} establish that a patient is severely hypersensitive to horse serum. Supplies of ovine antitetanus serum are also available for the prophylaxis and treatment of tetanus if test doses of tetanus antitoxin of equine origin establish that a patient is severely hypersensitive to horse serum.

Special arrangements for the treatment of anthrax have been provided by the South Western Regional Hospital Board at Claverton Down Hospital, Bath. This hospital also holds ant-anthrax serum for prophylactic use and for the treatment of patients sensitive to penicillin.

Arrangements for immunization against anthrax can be made through the Wiltshire County Council. All tannery workers regarded as being at risk in the Rural District have been immunized against anthrax.

Poisons Information Service.

A National Poisons Information Service has been established at Guy's Hospital, London, S.E.1. (HOP 7600) to provide information to medical practitioners so as to facilitate treatment in cases of acute poisoning. This 24 hour service is not available to members of the public.

Organophosphorus Poisoning.

Certain insecticides contain organophosphorus poisons, e.g. parathion. Treatment is by pyridine-2-aldoxime-methiodide (PAM). A small supply of PAM is available in the Royal Infirmary Pharmacy (Telephone No. Bristol 22041).

An emergency service for the treatment of cases of organophosphorus insecticide poisoning is also provided by the Medical Division, C.D.E.E. (Ministry of Supply), Porton, Wilts. (Telephone No. Idmiston 211).

FOOD AND DRUGS ACT, 1955.

Milk Supplies - Brucella Abortus.

49 samples of raw milk were submitted for biological tests. Four samples of the milk from herds controlled by three producer/retailers gave positive results. Notices requiring the milk to be heat treated were served on all these producers. One producer/retailer disposed of his business and no longer retails milk. The milk is still sent for pasteurisation. This also applies to the milk from the herds of the other two producer/retailers.

Water Supplies

The Rural District is in the northern division of the West Wilts Water Board, and the following figures, for which I am grateful, are taken from the report of the Engineer and Manager for the year ended 31st March, 1969.

METERED CONSUMPTION

(Thousand gallons)

	Annual Quantity 1965/66	Annual Quantity 1966/67	Annual Quantity 1967/68	Annual Quantity 1968/69
Warminster & Westbury Rural District	89,359	77,899	93,290	90,600

Number of Properties Receiving a Water Supply from the Board.

As at 31st March, 1969.				
	No. of dwelling houses in district	No. of dwelling houses receiving a supply from the Board's mains	Percentage supplied	No. of other properties supplied and charged on not annual values (shops, offices, and other buildings)
Warminster and Westbury Rural District	5,048	4,655	92.22	245

During the period the water supply in the Rural District derived from the mains of the West Wilts Water Board was satisfactory both in quality and quantity. Unfortunately the Wiltshire County Council has again decided against fluoridation of these supplies which are deficient in natural fluorides. Analysis made of the Burtonfield and Dunkerton sources showed the fluoride content to be less than 0.1 parts per million.

A group of eleven properties in the West Ashton and Rood Ashton districts were found to be deriving water from privately owned supplies which were polluted. All the owners save one took a supply voluntarily from the Water Board. The other supply was eventually connected after threats of legal action.

The figures in the following table are as accurate as possible without making a house to house inspection of the Rural District and staff is not available for this purpose.

Textile weaving	-	-	-	-	-	-
TOTAL	20	-	-	-	-	-

Mr A.H.Eagle, Surveyor and Chief Public Health Inspector reports as follows:-

SEWERAGE AND SEWAGE DISPOSAL

Work on laying sewers and drainage at North Bradley continued through the year. Construction of the pump houses at North Bradley and at Yarnbrook were completed.

A Ministerial Enquiry took place at Craven House in January and the site of Thorwellsdown (Phase I) was visited.

REFUSE COLLECTION AND DISPOSAL

A fortnightly kerbside collection of refuse continued in the rural district. Further requests were received for weekly collections mainly from areas where large scale housing development was taking place. A scheme for providing a weekly service at Ashton Park, Southwick and possibly Heywood and Hawkeridge is being actively considered, using existing vehicles and men. However, it is doubtful if a greater area can be served without adding to the present refuse vehicles and an increase in workmen.

Attempts to locate a suitable tip space in the south of the district were once more unsuccessful. Hiring of a large excavator for Knook Tip resulted in consolidating existing refuse and prolonging its tipping life.

A large infestation of flies occurred at Penleigh Tip. This was mainly caused by their resistance to the insecticide being used. Fresh supplies of an alternative insecticide had to be purchased. Subsequent dusting of the tip and extra covering of refuse brought the problem under control. The lack of suitable soil for covering refuse still presents problems, but towards the end of the year private building contractors were helping to ease the situation by depositing soil from sites at the tip.

Further demonstrations of levelling plant took place at the tip during the year.

OFFICES, SHOPS AND RAILWAY PREMISES ACT, 1963.

Due to a full survey having been carried out towards the end of 1967, inspections this year were mainly restricted to premises newly registered during the year and premises where defects were outstanding. No legal action was taken during the year.

Four accidents were reported, all of which were of a minor nature. One involved an employee who was struck by a fork-lift truck, two were caused by an eye-level grill blowing back and causing slight burns and one was caused by a large refrigerator falling onto a person's foot.

Five premises were newly registered and twelve premises ceased to come within the scope of the Act.

The number of premises registered at the end of the year were:-

19 Offices
17 Retail Shops
1 Warehouse
6 Catering Establishments
<hr/> 43 <hr/>

FOOD AND DRUGS ACT, 1955

Milk Sampling

Total number of samples of heat treated milk taken ..	73
Samples of Pasteurised Milk passing the methylene blue test ..	67 (2 void)
Samples of Pasteurised Milk failing the methylene blue test ..	0
Samples of Pasteurised Milk passing the phosphatase test ..	69
Samples of Pasteurised Milk failing the phosphatase test ..	0
Samples of Sterilized Milk passing the turbidity test ..	4
Samples of Sterilized Milk failing the turbidity test ..	0

Continued

Milk Sampling (continued)

Total number of samples of Untreated Milk taken	127
Samples of Untreated Milk passing the methylene blue test	117 (4 void)
Samples of Untreated Milk failing the methylene blue test	6
Number of sets of bottle rinses taken with satisfactory results			2
Number of sets of bottle rinses taken with unsatisfactory results			3

FOOD HYGIENE (GENERAL) REGULATIONS, 1960

Number of premises	96
Number of premises complying with Reg. 16	87
Number of premises to which Reg. 19 applies	93
Number of premises complying with Reg. 19	89

POULTRY INSPECTION

There are no poultry processing premises within the district.

CIVIC AMENITIES ACT 1967.

During the year this Act and allied regulations came into force, which gave local authorities the power to remove and dispose of abandoned vehicles.

Ten such vehicles were dealt with under this Act, and after service of notice eight vehicles were removed by the recorded owners and two removed in default by the Council. Six of the ten cars were abandoned at Council House Estates.

Several requests were received from people resident in the district to deposit old cars at the refuse tip.

PETROLEUM ACTS.

Eighteen petroleum tanks were subjected to pressure tests during the year. Four tanks failed to maintain a pressure of ten pounds per square inch for 24 hours. Two tanks have been filled with water as a temporary precaution and the other two have been replaced.

HOUSING

(a) Council Housing Programme.

The construction of four bungalows and six flats was started in December. Five garages were built at both Greenlands, Heytesbury and at Bests Lane, Sutton Veny.

(b) Private Enterprise Housing.

One hundred and seventyfive houses were completed during the year and one hundred and thirtyfive were under construction at the end of December, 1968.

(c) Improvement Grants.

During the year ten houses were improved with the aid of Discretionary Grants totalling £3,432. 6. 8d. and thirtyfour houses were improved with the aid of Standard Grants totalling £7,130. 8. 9d.

(d) Housing Repairs and Rents Act.

No applications for Certificates of Disrepair were received during 1968.

(e) Housing Act, 1957 and Public Health Acts, 1936 and 1961.

Twelve Informal Notices were served during the year, and sixteen complied with.

RURAL HOUSING STATISTICS FOR THE YEAR ENDING 31st DECEMBER, 1968.

1. Number of permanent dwellings in district at end of year	5,140
2. Number of permanent dwellings in district owned by local authority			683

Continued.....

RURAL HOUSING STATISTICS FOR THE YEAR ENDING 31st DECEMBER, 1968 (Continued).

3. Inspections of dwellings during year:

(i) No. of dwellings inspected under Public Health or Housing Acts ..	210
(ii) No. of dwellings found to be unfit	11

4. Number of dwellings rendered fit in consequence of informal action .. 47

5. Action under Statutory Powers.

A. Proceedings under Section 9, 10, 12 Housing Act, 1957.

(i) Number of dwellings where notices were served requiring defects to be remedied	Nil
(ii) Number of dwellings rendered fit after service of formal notices	4
(a) By owners	4
(b) By local authority in default of owners	Nil

B. Proceedings under Public Health Acts.

(i) Number of dwellings where formal notices were served ..	5
(ii) Number of dwellings made fit as a result of formal notices	Nil
(a) By owners	Nil
(b) By local authority in default of owners	Nil

C. Proceedings under Section 16, Housing Act, 1957.

(i) Number of Demolition Orders made	12
(ii) Number of dwellings demolished as result of Demolition Orders	4
(iii) Number of undertakings accepted to make fit or not to re-let	1
(iv) Number of dwellings made fit as result of undertakings ..	8

D. Proceedings under Sections 42, 43, 46, 48 Housing Act, 1957 .. Nil

E. Proceedings under Sections 17, 18, 27 Housing Act, 1957 and Section 26 Housing Act, 1961.

(i) Number of dwellings where Closing Orders were made ..	12
(ii) Number of dwellings closed as result of Closing Orders of undertakings by owners.. .. .	5

F. Proceedings under Section 76 Housing Act, 1957 Nil

RODENT CONTROL

No. of complaints	118
No. of Dwellinghouses and business premises inspected ..	1,120
No. of Dwellinghouses and business premises found infested ..	450
No. of Agricultural properties inspected	167
No. of Agricultural properties found infested	97
No. of Dwellinghouses and business premises treated by Local Authority	406
No. of Agricultural properties treated by Local Authority ..	60
Total Treatments carried out including re-treatments	402

Both the sites used for "controlled tipping" were regularly inspected and treated by the Council's Rodent Operator for both the control of rodents and flies

Nine wasps' nests in buildings were destroyed.

MEAT AND FOOD INSPECTION

Carcases and offal inspected and condemned in whole or part:

	Cattle Excluding Cows	Cows	Calves	Sheep and Lambs	Pigs	Goats	Horses
Number killed	114	-	10	411	132	-	-
Number inspected	114	-	10	411	132	-	-
